

Leopard Lodge

The Leopard Lodge and the rooms are designed in an African architectural style with beautiful animal carvings in the pillars and furniture – blending perfectly together with its surroundings.

In each room you will find specially imported beds and duvets guaranteeing your sleeping pleasure after a long day.

You will have all the high-end modern facilities you may need, including free internet and Wi-Fi in the lounge area.

Furthermore, you will find fans/air-condition, a safety box and adaptors for European and American plugs in each room.

In all the rooms you will find towels, shampoo and body wash. The beds are comfortable box mattresses, with duvets and pillows.

The rooms are cleaned, and towels are replaced every day.

The power supply is 230V and you will find adaptors suited for European and American plugs in every room.
